BearingPoint Service Rates for MSA 2047

BearingPoint, Inc. (NYSE:BE) is one of the world's largest business consulting, systems integration and managed services firms serving Global 2000 companies, medium-sized businesses, government agencies and other organizations. We provide business and technology strategy, systems design, architecture, applications implementation, network infrastructure, systems integration and managed services.

Our service offerings are designed to help our clients generate revenue, reduce costs and access the information necessary to operate their business on a timely basis. Based in McLean, Va., BearingPoint has been named by Fortune as one of America's Most Admired Companies in the computer and data services sector.

California State agencies and departments are looking for experienced professionals to help frame and implement their imaging, document management and workflow solutions. The impetus may be the requirement to contain costs, the need to improve customer service, or a desire to streamline workflow, among others. For more than 30 years, BearingPoint has been dedicated to California State government, helping to clearly identify contextual business issues and legislative impacts, and pinpoint opportunities for increased service to constituencies.

BearingPoint is proud to have served the following California clients for which we have provided a wide array of services, including systems and process analysis, workflow design, solution development and implementation:
